

Technical Data Sheet

FOAM EAR PLUG WITH CORD

Code: WR1010

Description

This is a foam type bullet shape earplugs with cord that provides superior, long wearing comfort and solid performance. These ear plugs use durable PU foam that can be molded to the contour of the ear. They are easy to insert and remove and provide excellent protection.

Features:

- Smooth and soil-resistant skin for better prevention of dirt and other substances from accumulating on skin and/or entering the ear canal.
- Soft, non-allergenic foam provides low pressure inside ears for all day comfort
- Suitable for loud work places

Approvals

CE EN352-3
ANSI S3.19

Materials

PU - Foam

Application

Automotive, Chemical & pharmaceutical manufacture, Construction, Heavy engineering, Metal processing, Textile manufacture and Woodworking.

Maintenance

Inspect earplugs prior to wear for dirt, damage or hardness – discard immediately if compromised. For proper hygiene, discard single use earplugs after use. With proper maintenance, multiple-use ear plugs can last for 2 to 4 weeks. Clean with mild soap/water and store it properly when not in use.
